HiFonics ZXT18D2 - subwoofer

Twoja cena zakupu brutto (z VAT)	**4 999,00 zł**
Cena netto	**4 064,23 zł**
Dostępność	**Dostępny na zamówienie - termin ustalany indywidualnie tel 600-480-210**
Kod produktu	**HiFonics ZXT18D2**
Producent	**HiFonics**

Opis produktu

ZEUS EXTREME ZXT SPL

HiFonics has stood for EXTREME performance and superlatives for over 35 years. Everyone knows: HiFonics stands for strength, power and a lot of pressure. Matching the new "ÜBER" power amplifiers from the ZEUS EXTREME series with up to 13,000 watts RMS, the matching ZEUS subwoofers are now available.

Particularly striking is the triple magnet of the same size in all woofers, protected with a blue magnet boot, whose lavish ferrite rings alone weigh proud 8.5 kgs without the chrome-plated steel pole plates. The "Reinforced Structure Array" surrounds, newly developed for the ZXT woofers and reinforced with vertical elements, also give an idea of how much stroke the carbon-reinforced membranes can achieve. These remain rock solid and are even comparatively light thanks to the triple sandwich construction. So that the cones can also optimally exploit the stroke, they are guided by 3-fold Nomex spiders as if on rails. This ensures that the cones do not tilt even at extreme performance.

The Zeus subwoofers are also thermally well-equipped: the 10-inch woofer has voice coils that are already 76 mm in size, and from the 12-inch model even gigantic 100 mm in size. With an unbelievable 58 mm winding height, the membranes can make a linear stroke of +/- 23 mm. The voice coil is made of special pi-CCAR flat wire, which is aluminum flat wire with copper coating, which saves weight and is also heat-resistant up to 240 degrees. All in all, ingredients that impressively demonstrate the extraordinary quality of the Zeus woofers. If you are looking for the ultimate level woofers, you cannot avoid the ZEUS EXTREME series.

• Aluminum Die-Cast Basket

• Y30 Triple Magnet with 3 x 100 oz. (3 x 2,83 kg)

• 100 mm Dual Voice Coil with X-Max. +/- 30 mm

• pi-CCAR Voice Coil Wire with BASV former

• Carbon Composite Cone & Dustcap

• Ultra-rigid RSA surround

• Chromed T-Plate with Pole Core Drilling

• Blue Magnet Rubber Boot

Parametry

ZXT18D2

46 cm (18") Subwoofer

4000 W/RMS, 8000 W/MAX, 2 + 2 Ω

Fs 36 Hz • Qts 0,62 • VAS 87 L • 87 dB

SPL 90 dB (2,83V/1m)

Ø 428 mm, ‡ 278 mm
